FIFA 22: Customization
$$\left(\frac{\mathbf{r}_A}{r_A}\right)^2 + \gamma^2 \left(\frac{\mathbf{r}_B}{r_B}\right)^2 \right)^{-3/2}$$
 where  $r_A$  and  $r_B$  are the constants of separation for the components A and B of the binary system. Now we are going to introduce a phenomenological treatment for the binary system. We will assume that the mass of the A component is confined to the radius  $r_{A1}$  and has a mass  $M_A$  while the mass of the B component is confined to the radius  $r_{B1}$  and has a mass  $M_B$ . Thus we have
$$\left(\frac{1-A}{1+A}\right)^3 \sigma_{\mathbf{r}_A}^2 = M_{\mathbf{r}_A}$$
$$\left(\frac{1-B}{1+B}\right)^3 \sigma_{\mathbf{r}_B}^2 = M_{\mathbf{r}_B}$$

FIFA is a franchise of video games based on the sport of association football. The latest instalment, FIFA 19, was released on the 11th of August last year. The game uses real-world commentary and music to immerse you in the action. How do I play FIFA? FIFA is played online as well as offline. If you want to play a single-player match, just install the game and get into FIFA Mode. But if you want a real challenge, create a FIFA Ultimate Team (FUT) and you can play against other human opponents. How do I make Team of the Week? You can make your own team of the week by winning matches, but you can also simply look at all the results to find the best of the best. What are the goals and objectives? As in all FIFA games, you are trying to score as many goals as possible in the allotted time. You can also play in a variety of different modes, including exhibition and league tournaments. I can’t find a career mode. What should I do? If you don’t have FUT or Ultimate Team, you can still create a custom career. It’s just not quite as fun. How do I unlock items and coins? You can unlock a wide variety of items and coins by playing the game, and you can buy new items and coins using either FIFA Coins or real cash. Where can I chat with other players? You can find other players by searching the live leaderboards, on websites like FIFA.gg or on your devices by using the Social Feed and Matchday features. What are the game modes? As well as playing offline against opponents, you can also play against the computer in a variety of different game modes including exhibition, knockout, online league and FIFA Ultimate Team. Are there any online features? As of FIFA 19, you can also use EA Sports FIFA ID or Ultimate Team to create a social network within the game. This means you can use the social feed to chat with your friends, and you can follow clubs and footballers on Twitter and Facebook. How do I transfer players from one team to another? When you play a friendly or exhibition match, you can switch between team seamlessly during the game. You don’t need to worry about loading or switching discs, or synchronising players.
